

Background

- MSRP and EPA Joint Effort – two phases
- Goals

Gather information on anglers and their consumption practices to

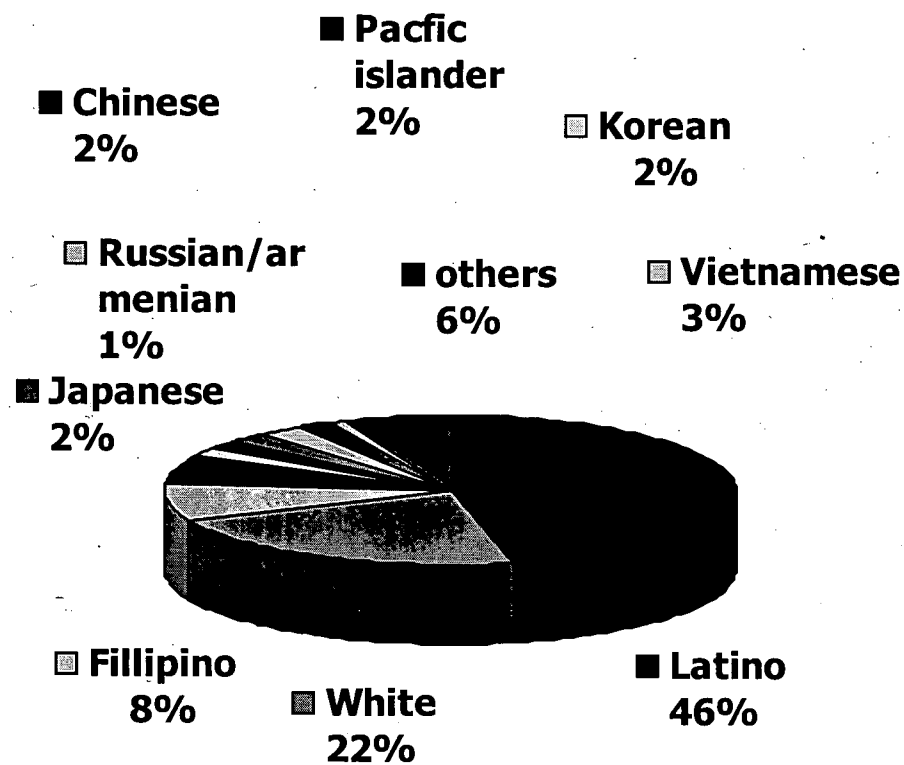

- Effectively implement the fish contamination public outreach and education program; and
- provide basis to guide the MSRP's restoration efforts
- Not a quantitative consumption study

Phase I Overview

- Phase I Field survey: August 31 – October 6, 2002
- 1,741 attempts and 1,181 complete surveys
- 24 fishing sites
 - Top 5 sites: Redondo Beach Pier, Belmont Pier/Cherry Beach, Cabrillo pier/jetty, launch, Pier J and Newport Beach Pier.

Angler Ethnicity

- Latino
- White
- Filipino
- Black
- Korean
- Chinese
- Japanese
- Vietnamese
- Pacific islander
- Russian/armenian
- others

Ethnic Groups

- **Filipino (N=99)**
- **Vietnamese (N=30)**
- **Cambodian/Laotian (N=9)**
